

Majesco ClaimVantage Integrated Disability and Absence Management (IDAM)

Streamline the life cycle of each claim end-to-end, increasing claim processing efficiency and improving the user experience.

Ready to Improve your Absence & Disability Management?

Integrate Your Claims For Operational Excellence

As more employers look to outsource absence and disability programs, the opportunity for you to **expand your business** is growing.

If you're struggling to effectively manage multiple federal and state leave types for FMLA, disability, and ADA requests in an efficient manner, perhaps your technology stack is to blame. Investing in a modern platform will allow you to take advantage of this growing market opportunity.

Let Technology Give You Confidence

Managing multiple employers, with multiple benefits, across multiple locations is challenging.

Our absence and IDAM platforms provide you with an integrated approach to managing this complex block of business, with built-in rules to alleviate your FMLA compliance concerns.

Investing in a SaaS solution can positively impact your ROI and improve the customer experience

Business Value Delivered

Let Our Platform Do the Heavy Lifting for You

- ▶ Automated workflows and notifications are configurable by client, allowing you to focus on managing claims rather than on administrative steps
- ▶ Provides a single point of intake for all claims
- ▶ Employee eligibility and entitlement for all applicable leaves is automatically determined when a leave is requested
- ▶ Our absence experts stay on top of regulatory changes, so you don't have to
- ▶ Automated tasks are generated to confirm each step in your process is complete, helping ensure compliance
- ▶ Keep employers and employees updated with automated email, letters or text messages
- ▶ Access information digitally from any location, based on the permissions established by you for each system profile
- ▶ Portal access allows employees to create claims, obtain notifications and forms, and access real-time updates
- ▶ Better manage each case end-to-end

Maximize your ROI through increased productivity
