

Majesco L&AH Intelligent Core Suite

Fuel the Future with AI Agents that Transform Operations

In an era marked by swift technological advancements and shifting consumer demands for personalized, straightforward services, the insurance sector faces a critical juncture. These challenges, compounded by changing market dynamics and demographic shifts, require insurers to not just adapt, but excel. Insurers must adopt forward-thinking strategies and solutions that address the technology, market, and customer shifts to capture today's opportunities and position themselves as market leaders in a rapidly evolving future.

Where Intelligence Meets Agility

Majesco L&AH Intelligent Core Suite is a revolutionary insurance solution designed to meet the needs of tomorrow, today. With the speed and flexibility

of cloud, power of embedded advanced analytics, and the limitless possibilities of the industry's first Agentic AI; it empowers insurers to accelerate operational agility and innovation, providing a competitive edge to rapidly launch new products, drive employee productivity, and deliver exceptional customer experiences.

Effectiveness Beyond Expectation

Unleash the transformative potential of L&AH Intelligent Core Suite, pre-integrated with Majesco intelligent Underwriting Workbench and Digital Solutions, for market-leading business optimization and innovation to propel your strategy and business operations to new heights in a fast-paced, complex, changing marketplace.

Catalyst for Growth

Rapidly introduce groundbreaking new products through an agile cloud-native, multi-tenant platform, while seamlessly managing individual, group, voluntary benefits, and stand-alone AD&D.

Operational Excellence

Capitalize on superior configuration, embedded intelligence, pre-configured templates, and robust integration capabilities to enhance operational efficiency and cloud-native upgradability for underwriting teams, with a suite built to scale with your business.

Delight Customers

Craft uniquely personalized and powerful experiences with data-driven insights, significantly improving agent and customer confidence, satisfaction, and loyalty.

Why Majesco?

1 Next-Gen Technology

Harness the power of cloud technology, data analytics, and agentic AI to unlock growth opportunities and stay ahead of the competition. Now including fast upgrades (under 14 days), Product Shield guardrails, and resilient architecture to reduce rework, minimize defects, and increase responsiveness.

2 Integrated Customer Journeys

Leverage Intelligent Sales & Underwriting Workbench to enable carriers to transform new stages of the customer lifecycle, from onboarding and enrollment to automated renewals and individual medical underwriting for voluntary benefits, while digitalizing underwriting without disrupting familiar workflows.

3 Agentic AI - A New Era of Automation

Specialized AI Agents for Policy, Billing, and Claims act as digital teammates that automate underwriting, billing, and adjudication workflows to accelerate efficiency and accuracy.

4 Operational Optimization

Revamp and streamline your operational framework with our sophisticated configuration and integration tools to fix cross-suite issues through one shared view.

5 Data Rich

Majesco Digital Enroll360 goes beyond enrollment – it's the key to unlocking insights that drive faster decisions without leaving the workspace, helping you maximize the value of your offerings.

6 Individual Market Readiness

Empower individual retail sales with essential features – Illustrations, Joint Life, and Absolute Assignments – to differentiate products and stay ahead of market trends.

7 Analytics Everywhere

Analytics in the flow of work delivers embedded dashboards and data cards directly in group, member, RFP, and claims screens, giving users immediate visibility into utilization, overpayments, backlog, ICD/CPT trends, and return-to-work patterns right where work happens so they can prioritize faster, resolve issues sooner, and make better decisions without leaving the workspace.

“Our supplemental health solutions provide financial protection to our customers to help cover the costs of unexpected health events. This new administrative platform for our supplemental health solutions will help us continue to innovate and enhance our capabilities to meet the evolving needs of our clients and customers.”

Marc Jeffreys

Head of Supplemental Health Solutions,
Cigna

“By partnering with Majesco, we're able to transform our business and legacy solutions that will offer enhanced experiences for our policyholders, producers and employees.”

Paul A. Quaranto, Jr

Chairman, CEO, and President,
Boston Mutual Life

Are You Ready to Experience the Power of Intelligent Core?

Majesco L&AH Intelligent Core Suite is a unified cloud-native platform that uses digital capabilities and API-native connections to support individual, worksite, group, and voluntary benefits.
