CASE STUDY

P&C INTELLIGENT CORE

Modern core. Faster specialty growth.

How MunichRe Specialty Group unified specialty operations and accelerated growth with Majesco's cloud-native platform.

Chris Skowronski
COO, MunichRe Specialty Group NA

> "We are thrilled to offer our customers next-gen experiences and products on our new insurance platform across the entire operation from underwriting, policy, billing, claims in multiple lines of business. The MRSGNA and Majesco teams share a forward-thinking mindset with an emphasis on adopting best practices and scalable solutions that allowed us to extend capabilities and introduce new products quickly."

TRANSFORMATION FOCUS
Unified Cloud-Native Core

BUSINESS PRIORITY
Specialty Growth

THE CHALLENGE

Expand Specialty & Commercial lines across entities.

Deliver modern, data-driven experiences at scale.

Simplify operations without losing specialty flexibility.

THE SOLUTION

Deploy P&C Intelligent Core on Majesco Cloud for policy, billing, and claims

Launch specialty lines through an MVP + agile rollout ahead of renewal.

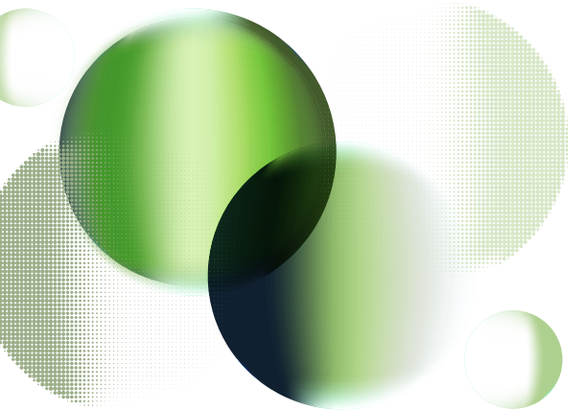

Embed data and AI agents.

THE BUSINESS IMPACT

Reduce complexity and tech debt with one operating model.

Launch and upgrade specialty offerings faster.

Improve decisions and cycle times with real-time KPIs and AI-enabled workflows.

WHY MAJESCO FIT

A unified, cloud-native foundation for policy, billing, claims, data, and AI.

WHY MUNICHRE ENABLED

Specialty flexibility with standardized operations across entities.

WHY IT MATTERS

Faster launches, better decisions, and more consistent experiences.
