FROM COMPLEXITY TO CONFIDENT ACTION

How Immersive AI advances the P&C Intelligent Core

Insurers and MGAs are expected to move faster and make better decisions while managing complexity, manual analysis, and disconnected processes.

40% of leaders say AI is meeting expectations

42% of insurers have not measured AI outcomes

10% of insurers are intelligence trailblazers

Source: Capgemini Research Institute, World Property and Casualty Insurance Report 2026

IMMERSIVE AI

SENSE Understand what is happening

PREDICT Anticipate what is likely

ADVISE Recommend the next best action

AUTOMATE Execute routine work within guardrails

THE TRUST RAIL

TRACEABILITY

GOVERNANCE

AUDITABILITY

ONE IMMERSIVE EXPERIENCE

ACROSS THE LIFECYCLE

Quote | Underwrite | Bind & Issue | Bill & Service | Claim | Renew

BEYOND AUTOMATION

AI that works inside the workflow not another standalone or bolt-on tool.

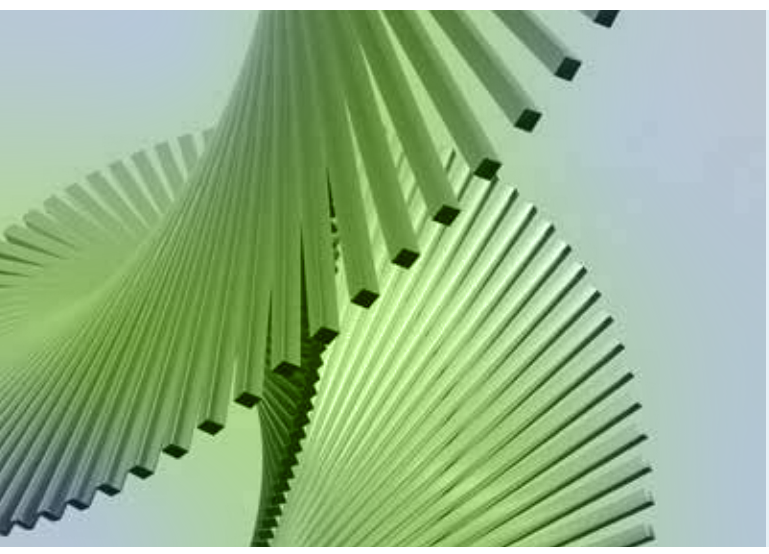

- SOURCE WHAT MATTERS
- STREAMLINE ROUTINE WORK
- KEEP PEOPLE IN CONTROL

AI guides. Your teams decide.

THE IMMERSIVE EXPERIENCE

CONTEXTUAL | CONVERSATIONAL | CONNECTED | PRODUCTION AWARE BY DESIGN

Understands screens, navigation, workflow, and roles with human intervention and exception routing built in.
People remain in control of judgment and critical decisions.
